PRICE \$1.00

FOREWORD

These low cost homes are designed for modern living requirements. They represent the latest in modern planning, such as corner sinks, corner windows, cove base, flush panel doors, elimination of door and window trim, flush and indirect lighting and simplicity without sacrifice of beauty.

If you do not find a satisfactory plan, a colored scale drawing of floor plan and elevation will be sent to you upon receipt of your sketch and \$5.00.

Blueprints of working drawings and specifications are available for a reasonable sum.
